**Dr. Douglas
Futuyma**

**Professor Emeritus
at Stony Brook
University**

**MONDAY, NOVEMBER 13,
JAVITZ CENTER, RM 103
5:30 PM**

**Stony Brook
University**

Dr. Futuyma will discuss his book, How Birds Evolve, which explores how evolution has shaped bird characteristics and behaviors. He will discuss the meaning and origin of species, bird diversity history, avian reproductive behaviors, plumage ornaments, and social behaviors.
